MOCA selected for C4ISR Move Logistics Contract with CACI

Newton, MA – MOCA has been selected with CACI International to provide move logistic support of the Command, Control, Communications, Computers, Intelligence, Surveillance and Reconnaissance (C4ISR) program at Aberdeen Proving Ground, Maryland.

MOCA is a subcontractor teaming partner of CACI International Inc. on the Technical Engineering Support Services (TESS) IDIQ contract for the U.S. Army's Communications-Electronics Research, Development and Engineering Center (CERDEC) Intelligence and Information Warfare Directorate (I2WD). The CACI Team is one of three firms awarded the five-year TESS contract, which has a ceiling value of \$900 million.

MOCA will provide the scheduling services on the move logistics contract focused on the relocation of personnel and equipment from Ft. Monmouth in New Jersey to their new base at Aberdeen Proving Ground, Maryland. The transition will include the planning, preparation, disassembly, transport and synchronized reconstitution of various components involving information technology, systems engineering and network automation.

About MOCA Systems

MOCA Systems, Inc. is an innovative professional service firm delivering capital program and asset management solutions to clients across the globe. MOCA offers a range of services throughout the program lifecycle including a proven project control capability based on advanced construction simulation technology. Established in 1999, MOCA is a nationally recognized firm that has supported the delivery and management of over \$30 billion in facility and infrastructure systems with offices in Massachusetts, Virginia, Texas and Hawaii.
