MOCA Awarded PM Contract for the Salt Lake City Public Safety Building

Newton, MA – MOCA has been selected to provide program management services to Salt Lake City for the design and construction of the new Public Safety Building.

In November 2009, Salt Lake City's new Public Safety Building and Emergency Operations Center was endorsed by 65% of the Salt Lake City residents who voted in favor of the \$125 million bond campaign. The City plans to make the sustainable civic campus one of the great places in Salt Lake City.

MOCA will be responsible for helping the City throughout the lifecycle including the hiring of the architect and construction contractor; conducting numerous stakeholder workshops, and managing the LEED certification process.

"It is with great pleasure to have Salt Lake City select our team to support them throughout the program. We look forward to making the Public Safety Building a notable success for all residents of Salt Lake City," says David Hart, FAIA, MOCA's Vice President and Western Region Manager.

About MOCA Systems

MOCA Systems, Inc. is an innovative professional service firm delivering capital program and asset management solutions to clients across the globe. MOCA offers a range of services throughout the program lifecycle including a proven project control capability based on advanced construction simulation technology. Established in 1999, MOCA is a nationally recognized firm that has supported the delivery and management of over \$30 billion in facility and infrastructure systems with offices in Massachusetts, Virginia, Utah, Texas and Hawaii.
