MOCA Systems Selected for Cost Engineering and CM Contracts by USACE

Watertown, MA - MOCA Systems, Inc. (MOCA) has been selected to provide cost engineering management services and construction management services in support of the U.S. Army Corps of Engineers (USACE) through two Indefinite Delivery Contracts totaling \$15 million.

The USACE Walla Walla District has selected MOCA for a Nationwide Cost Engineering Services IDIQ for up to five years and \$10 million. This contract will be used primarily to support the District's Cost Engineering Center of Excellence but is expected to support a range of federal government agencies.

The USACE Mobile District has selected MOCA Systems to provide construction management and inspection services for up to 5 years and \$5 million. This contract will be used primarily to support the District's construction programs in the Southeastern United States, South and Central America, Puerto Rico, and the U.S. Virgin Islands.

About MOCA Systems

MOCA Systems, Inc. is an innovative professional service firm delivering capital program and asset management solutions to clients across the globe. MOCA offers a range of services throughout the program lifecycle including a proven project control capability based on advanced construction simulation technology. Established in 1999, MOCA is a nationally recognized firm that has supported the delivery and management of over \$30 billion in facility and infrastructure systems with offices in Massachusetts, Virginia, Texas and Hawaii.
